

MagnaLink™ Streptavidin Magnetic Beads

Storage: Store at 4°C. Do Not Freeze.

Catalog Number:	M-1003-010 (1 mL) M-1003-020 (2 mL) M-1003-050 (5 mL) M-1003-100 (10 mL) M-1003-1000 (100 mL) M-1003-BK (Bulk Amount)	Lot Number: WOTL4799	
	Components: MagnaLink™ Streptavidin Magnetic Beads in nuclease-free water containing 0.05% sodium azide	Solid Content:	10 mg/mL by A ₆₀₀
Nominal Mean Bead Diameter:		3 μm	
Magnetite Content		40%	

Test	Specification	Result
Free-biotin binding-capacity (fluorescein-biotin assay)	≥ 10 nmol/mg	Passed, 11.8 nmol/mg

QC Release Date:	5/31/2018	Expiration Date:	11/30/2019
Released By:	<i>EA Aquino</i>		

Application

Solid phase immobilization of biotinylated biomolecules. This product can be used in any application where both high biotin binding capacity and extreme particle uniformity are required.

Comments

Store at 4°C. Do not freeze. Not for internal or external use in humans.
