# BROMOACETAMIDO-DPEG®$_{23}$-AZIDE

**SKU:** QBD-11205

## DESCRIPTION

Bromoacetamido-dPEG®23-azide, product number QBD-11205, is discrete PEG (dPEG®) crosslinker that facilitates the crosslinking of free thiols with click chemistry alkyne partners across a long (76 atoms, 88.5 Å) single molecular weight PEG bridge.

The long, amphiphilic dPEG® linker adds hydrodynamic volume to conjugate molecules and increases their water solubility. The flexible, non-immunogenic spacer reduces or eliminates renal clearance and helps shield conjugates from opsonization through the increased hydrodynamic volume the dPEG® linker imparts.

The bromoacetate moiety reacts chemoselectively with free thiols at pH >8.0. It is an alternative to the maleimide group and is used in situations where the target molecule needs to be at a high pH. The azide group reacts with a suitable alkyne partner via metal-catalyzed (Cu, Ru) or strain-promoted (copper-free) click chemistry. Moreover, Bromoacetamido-dPEG®23-azide is stable, unlike MAL-PEG-azide constructs, which are somewhat unstable.

## SPECIFICATIONS

| | |
|---|---|
| **CAS Number** | N/A |
| **Molecular Weight** | 1220.24; single compound |
| **Chemical Formula** | $C_{50}H_{99}BrN_4O_{24}$ |
| **Purity** | > 98% |

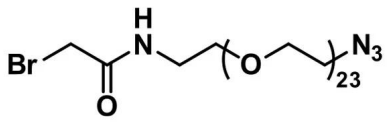

**For research use only. Not intended for therapeutic or diagnostic use in animals or humans.**

| | |
|---|---|
| **Unit Size** | 100 mg, 1000 mg |
| **Solubility** | Methylene Chloride, Methanol, Acetone, Chloroform, DMSO, DMAC, or DMF. |
| **Spacers** | dPEG® Spacer is 76 atoms and 88.5 Å |
| **Storage Instructions** | -20°C; Always let come to room temperature before opening; be careful to limit exposure to moisture and restore under an inert atmosphere; stock solutions can be prepared with dry solvent and kept for several days (freeze when not in use). dPEG® pegylation compounds are generally hygroscopic and should be treated as such. This will be less noticeable with liquids, but the solids will become tacky and difficult to manipulate, if care is not taken to minimize air exposure. |
| **Shipping Instructions** | Ambient |
